

# Teens' lives are always Changing. Will you be their positive Change?

Countless teenagers enter foster care each year, but only **nine** foster homes are licensed by Wayne County Children Services to foster these teens.

We **need** new foster parents now.

Without help, foster teenagers are at a much greater risk of incarceration, homelessness, and early pregnancy than their peers.

Their future is in **your** hands.

**Help at-risk teens succeed by becoming a foster parent!**  
There is a need for 20 new foster homes right now.

*Part-time (respite) foster parents are also needed to give full-time foster parents an occasional day off.*

"I might not even have graduated from high school without the support of my foster family. Now I'm about to graduate from college *and* I've been on the Dean's list the past three semesters!"  
- Amber, former Wayne County foster teen
