Greetings Community Partner,

Thank you for your interest in learning more about how to become a Foster and/or Adoptive Parent. Fostering a child is a rewarding and challenging opportunity to make a difference in someone's life. We need you, and many others like you, to take on the rewarding opportunity of loving and nurturing a child in need!

Children in the custody of Wayne County Children Services came to this situation through no fault of their own. They deserve the opportunity to stay within their neighborhood, school, and among their friends. I understand the decision to parent someone else's child or children is not made easily, especially when you have other family responsibilities of your own. I ask you to imagine what it's like for a child to wonder where they will go when they can't remain at home.

We currently need Foster and Adoptive homes throughout the Wayne County area. Our children who have experienced abuse and neglect vary in age, gender, and race. Please partner with us to help support the children and families of Wayne County to build a stronger community and bright future for our children.

For more detailed information about our Foster Care and Adoption programs, please contact our Recruitment Department at 330-345-5340 Ext. 2364.

Sincerely,

A handwritten signature in blue ink that reads "Deanna Nichols-Stika".

Deanna Nichols-Stika
